

# CREATING MEANINGFUL PROJECTS USING GOOGLE TOOLS

January 26, 2017  
8:30 AM - 3:30 PM  
\$75 for subscribers  
\$100 for non-subscribers

## EARN 6 ACT 48 CREDITS

Get an overview of Google Tools and how they can be used to develop meaningful learning experiences. Word processing, spreadsheets, presentations, and more will be explored. Learn how to use Google Tools to devise inquiry-based lessons; facilitate connections and meaningful collaboration; and gather data through feedback and assessments. Please bring a laptop so that you can experiment with these tools and participate in learning experiences.

Register: [www.mciu.org/register](http://www.mciu.org/register), use search term "Google "
