

Montgomery County Intermediate Unit
Office of Professional Learning presents:

FOUNTAS AND PINNELL'S GUIDED READING, 2ND EDITION: RESPONSIVE TEACHING ACROSS THE GRADES

This **Heinemann Professional Development** is based on Guided Reading, Second Edition: Responsive Teaching Across the Grades by Irene Fountas and Gay Su Pinnell. In the Guided Reading seminar teachers explore the reading process and how it is supported throughout a guided reading lesson framework.

The course goals are to:

- Gain an overview of the components of the literacy framework, including interactive read-aloud, shared reading, guided reading and independent reading
- Understand how to manage and design meaningful literacy experiences that foster independent learning in grades 3-6
- Learn the basic elements of a guided reading lesson through observation and discussion
- Explore how to support and expand readers' ability to think within, beyond and about the text
- Focus on assessment and how running records and anecdotal evidence help inform our instruction in guided reading.

The professional text, **Guided Reading, Second Edition: Responsive Teaching Across the Grades** is included.
