Concerns about student wellness committee

Member Recruitment: Committee member suggested that we reach out to new student services supervisors to recruit new members

Follow up on edible rewards: It is in the wellness policy that edibles cannot be served, unless stated in Individual Education Plan (IEP). Next year there will be Professional Development to train staff around student wellness.

Reheating guidelines and instructions for leftover food: It was reported that food service company, Kremmers, does NOT recommend donating food and that most will not take it since it has already been heated up and we would be responsible. Therefore, the programs will not be donating left over food.
