

MCIU FEEDING EVALUATION TEAM

OFFICE OF STUDENT SERVICES

The MCIU has developed a School-Age Feeding Team consisting of a Speech and Occupational Therapist that will perform a feeding evaluation and provide treatment strategies within the classrooms.

FEEDING CONCERNS CAN CONSIST OF:

- Food/liquid leaking out of mouth
- Poor oral motor skills
- Choking/gagging on food/liquid
- Pocketing food/liquid
- Food refusal
- Wet vocal quality

REFERRAL INSTRUCTIONS:

Please fill out a student referral form and email it to SAReferrals@mciu.org along with:

- An informal summary of your observation of the student's current feeding skills
- A description of the student's diagnosis and grade level
- A list of the services (if any) the student is receiving
